Path discussion on Aberdeen Road

District met with TRND, Transportation, LN Water Group, Lower Nicola Community, Murray, David Liard? elected official, trustees, senior management.

Discussion of possible solutions.

- Short term – Create pathway behind school. Water works to release 3 meters of 20 meter right of way which will then be deemed a roadway with operational oversight from school. Also working on a licenced agreement between school district and property owner to open up access.

- Long term - access from Aberdeen to school – looking for support from LNIB and follow up from TNRD

Fundraising

Newfeuld farms – orders due Oct 2 4th

Other business

- Bonanza - storage unit remains at no cost; idea to include bin/box at school for donations; email community for donations.
- Intermediate field trip to Harper – Bert Proposal – ski trip January – every year – book charter bus – can PAC cost share with school; buses \$4000 – we can share \$2000/pac and \$2000/school this reduces cost for kids.
- Motion forwarded by: Brandi – Nicola Canford School and Nicola Canford Pace cost share (\$2000 each) the intermediate field trip to Harper Mountain to reduce costs for students. Second – Virginia. All in favour.
- Can PAC purchase hoodies for Grade 7? Requested a quote. Postponed to next meeting.
- Trees in parking lot (needles and poop on cars) – Burt will request SD to remove.
- Ramp at Kindergarten door – breaking down – Burt will follow up with maintenance to remove and then think up plan for access
- No fundraising ideas required; accounts are in good order

Adjourned 7pm!

Discussed about online/virtual – we can alternate!

Next meeting – in person!

November 20th – 3rd Monday of every month.
