Welcome

Principal Report – The kids have been having a great experience with the school having chickens and caring for them. Had some students make breakfast with the collected eggs.

Ms. Fosbery and Ms. Lafferty had a great time coaching the volleyball teams at the volleyball tournament

Upcoming events – check school calendar

Treasurer Report – Wendy could not attend. She says she hasn't received any statements from Holly and nothing really to report on the treasurer front. Besides service fees coming out. So could use balances from last month since she cannot confirm if we received a grant without bank statements. If we need cheques written and signed, she can get them to the school for Jen P to be second signature.

- Does Wendy have access to the account to look at statements? Something to look into.
- We should look at adding a third signee

Gaming \$1687.24
